

PLANS FOR CARE OF EPILEPTICS

North State Hospital Commission Can't Decide on Proper Location.

RALEIGH, N. C., August 8.—The State Hospital Commission is in the midst of a hard fight over the location of the colony for epileptics that was ordered established by the 1907 Legislature, in connection with the act appropriating \$500,000 to be expended in five years for enlarging the capacity of State institutions for the afflicted, including especially the insane. Some months ago the commission purchased 12,000 acres of land adjoining the Central Hospital here, the purpose being to utilize a portion of this for the epileptic colony. Now, however, strenuous objection to this plan is raised on the ground that the epileptic colony should not be in any way connected with the care of the insane.

Some members of the commission, backed by Governor Glenn, insist that the colony should be close by the Central Hospital, so that it may be possible for one superintendent to have charge of both.

Power Plant.
The final report of receivers Maxwell and Belvin, of the Cape Fear Power Company, formed to establish the Buckhorn power plant, was filed with Judge Purnell in the Federal court here to-day, and audited and allowed. The receivers would have been discharged, but counsel for parties interested asked their retention for a time. The plant has been sold and delivered to the bondholders, for whom it is held in trust by the Metropolitan Trust Company. It brought \$184,000. The line between the power plant and Raleigh for the transmission lines here for manufacturing and other purposes is being surveyed, and it will not be a great while before the current will be available here. Every little current is already being received from the plant, which has been completed by the receivers.

To Sell Whiskey.
Monday at the entrance to the government building, twenty barrels of corn whiskey, which was declared forfeited to the government in connection with the seizures of the big W. M. Skinner and Ben D. Taylor government distilleries at Lagrange and Fremont some weeks ago, will be sold at auction by United States Marshal Claudius Dockery. He was at Lagrange Friday and at Fremont Saturday selling the two distillery premises, which have also been confiscated.

Raleigh Schools.
The Raleigh school committee has made official report to the Board of Aldermen that by reason of the curtailment of the school fund by loss of the dispensary fund and otherwise, the school year approaching will have to be twenty-four instead of thirty-six weeks, and reminding the board that the same causes last year forced a curtailment of the term to thirty-two instead of thirty-six weeks. Furthermore, lack of funds to furnish the new \$20,000 high school building will necessitate its remaining unused the coming year.

GOES TO PENITENTIARY, BUT SAYS HE IS INNOCENT

[Special to The Times-Dispatch.]
LEXINGTON, VA., August 8.—A Moore McCormick, recently convicted in the Circuit Court of Rockbridge for the murder of W. L. Yowell, on Easter Sunday, near Fairfield, Rockbridge, and given eighteen years in the penitentiary, was last week taken to Richmond to begin serving his sentence.

McCormick, before leaving Lexington, addressed a letter to the editor of the Lexington Gazette, in which he asserts his innocence, and claims that enmity on the part of some of his

neighbors is responsible for his conviction.

Klutz, of Salisbury, and a number of other prominent speakers.

Is Pe-ru-na Useful for Catarrh?

Should a list of the ingredients of Peruna be submitted to any medical expert, of whatever school or nationality, he would be obliged to admit without reserve that each one of them was of undoubted value in chronic catarrhal diseases and had stood the test of many years' experience in the treatment of such diseases. **THERE CAN BE NO DISPUTE ABOUT THIS WHAT-EVER.** Peruna is composed of the most efficacious and universally used herbal remedies for catarrh. Every ingredient of Peruna has a reputation of its own in the treatment of catarrh.

Peruna brings to the home the COMBINED KNOWLEDGE OF SEVERAL SCHOOLS OF MEDICINE in the treatment of catarrhal diseases; brings to the home the scientific skill and knowledge of the modern pharmacist; and last but not least, brings to the home the vast and varied experience of Dr. Hartman, in the use of catarrh remedies, and in the treatment of catarrhal diseases.

The fact is, chronic catarrh is a disease which is very prevalent. Many thousands of people know they have chronic catarrh. They have visited doctors over and over again, and been told that their case is one of chronic catarrh. It may be of the nose, throat, lungs, stomach or some other internal organ. There is no doubt as to the nature of the disease. The only trouble is the remedy. This doctor has tried to cure them. That doctor has tried to prescribe for them.

BUT THEY ALL FAILED TO BRING ANY RELIEF.

Dr. Hartman's idea is that a catarrh remedy can be made on a large scale, as he is making it; that it can be made honestly, of the purest drugs and of the strictest uniformity. His idea is that this remedy can be supplied directly to the people, and no more be charged for it than is necessary for the handling of it.

No other household remedy so universally advertised carries upon the label the principal active constituents, showing that Peruna invites the full inspection of the critics.

neighbors is responsible for his conviction.

TEMPERANCE FOLK DISPUTE DECISION

Will Appeal Judge Goolrick's Ruling to the Supreme Court of the State.

[Special to The Times-Dispatch.]
FREDERICKSBURG, VA., August 8.—The temperance advocates here have decided not to ask for another local option election at this time, but have determined to take the decision of Judge John T. Goolrick, of the Corporation Court, in which he set aside the local option election in May, to the State Supreme Court of Appeals on an appeal. This conclusion was reached here last evening by the leaders of the Anti-Saloon League, and ratified at a temperance rally at the courthouse last night, over which ex-Mayor M. C. Willis, president of the league, presided, and which was addressed by Field Secretary of the State League E. J. Richardson, of Richmond.

The large barn of T. J. Waller, near Garrisonville, Stafford county, was totally destroyed by fire at an early hour this morning. The loss, over \$12,000, with only partial insurance.
